### Postal Customers

You may use the name Battlement Mesa in your addressing when sending correspondence. This can be used in both the return and where sent addressing. The only concern, you must use the 81635 zip code. All delivery addressing must be 81635 for our automated equipment to find your address and get your mail sorted correctly. You may find another concern will be if you put your zip code into the internet it will give Parachute as the town. That is what our data base uses for all street addressing in both Parachute and Battlement Mesa.

If you have any questions please contact the Parachute Post office and we will help to get you an answer.
